

Quick Finish

An all-round talent for all smooth and painted surfaces (vehicle paintwork, painted wood, glass, plastic parts, dashboards, painted furniture and musical instruments, stainless steel surfaces, etc.). Cleans, cares and seals in a single step. Fingerprints and light dirt are removed quickly and easily. Surfaces are left with a brilliant shine, high surface smoothness and good hydrophobic properties. Quick Finish runs off quickly without leaving streaks and is therefore easy to apply. Previously applied polishes and waxes are retained. It is particularly well suited to quick finishing of exhibited goods in showrooms or at trade fairs, as well as for quick valeting of vehicles. Also suitable for use in painting applications.

page 1 of 1

Areas of use

Vehicle paintwork, painted wood, glass, plastic parts, consoles, painted furniture and musical instruments, stainless steel surfaces, etc.

Recommendations for use

Spray evenly on the surfaces to be treated and polish off with a Profi microfibre cloth.
